

5th Transnational
Virtual Meeting
BASE project
VU Amsterdam

BASE
Behavioral Assessment to Improve School Environment

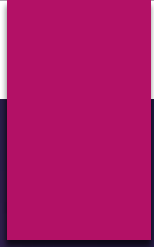

Erasmus+

Love to see
you in
Amsterdam!

Introduction: Roll call

1. Please type your full name and school/organisation in the chat
2. Please type YES! in the chat if you consent to the recording of this virtual meeting

Programme

28 May 2020

The purpose of the meeting:

to plan the last two multiplier-events including the final conference (E5 and E6),

to allow partners to plan the drafting of the project final report

to adjust eventual delays associated with fixed aims.

Alternative datacollection IO5: virtual focusgroup with PBS teams of schools

VU – IO5 alternative datacollection: multiple case study application/ implementation of PBIS in partnerschool

Intervention 2019

All schools have uploaded the necessary data in the BASE application.

- Values and expectation matrices
- Minor and major incidents
- base line data for first intervention round

September 2019 – February 2020

Virtual Focusgroup

- Role of the PBS-team in implementation
- the interventions which you have designed and executed
- datagathering and monitoring systems you have developed

28 and 29 May 2020

Questionnaire

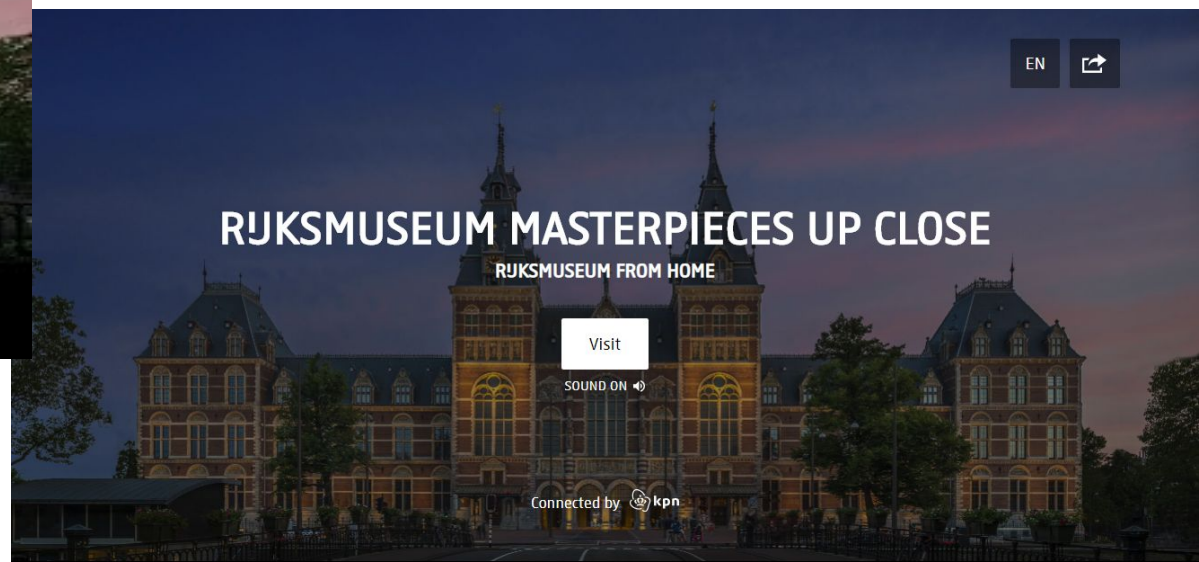

- the quality of implementation fidelity (BoQ and SAS)
- how the leadership teams have carried out the implementation in their school (BoQ and SAS)
- the perceptions of the members of the leadership teams on the effectiveness of PBIS in their school on school culture (SAS)
- the perceptions of staff of the school on PBIS and inclusive practices (TEIP)
